“Smart” Water Meter Installation

The City of Falls City was the recipient of a grant from the Oregon Water Resources Department to upgrade our water meters which are nearing the end of their serviceable life span.

The installation of our new “Smart” water meters (with radio frequency for remote reading) is scheduled for the middle of July.

The new meters will allow our staff to record monthly water usage in hours versus days, with much more accurate readings.

At each individual property, the work should not last more than an hour, and before the water service is paused, installing staff will notify property owners.

Summer Celebration

Saturday, July 6th

Come down and enjoy the warm Summer weather with neighbors and friends! Vendors, food, a live band and a parade! Hosted by The Boondocks!!

Falls City Produce Giveaway

**Fridays at Mountain Gospel Fellowship at 257 N Main
4:30 – 5:30 pm**

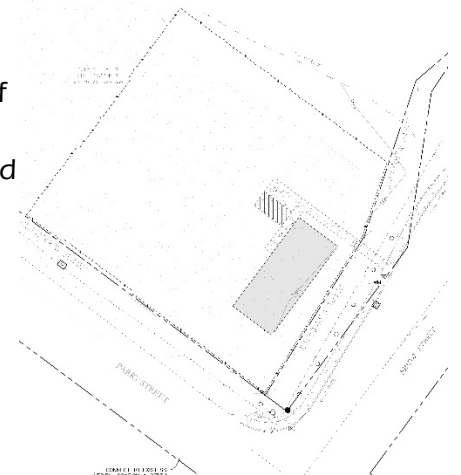

Falls City has recently been able to procure more food for distribution through the Friday afternoon Falls City Produce Giveaway at Mountain Gospel Fellowship Church.

NEW Resource Center

The new manufactured building on the Mill lot on the corner of Bridge St. and Parry will be the home of the new Falls City Resource Center. This center will provide resources and information to our community members such as housing, SNAP benefits, immunizations, food needs, and many more.

The hope is that dental and medical needs will also be addressed there in the future as well. Stay tuned for a (summer) opening date and a list of resources and their schedules.
